

INSTITUT JANTUNG NEGARA
National Heart Institute

PATIENT HANDBOOK

I TRUST
IJN

WELCOME NOTE

Dear Patients,

Welcome to Institut Jantung Negara (IJN), the National Heart Institute of Malaysia. We thank you for choosing our facility for your heart care needs. We are confident that you will be well taken care of with our high-quality care and cutting-edge technology.

Since the establishment of our institute in 1992, we have grown to be one of the leading heart care centres in the Asia Pacific region and a preferred referral centre from simple to complex cardiac cases in Malaysia.

This patient handbook is designed to guide and assist you and your loved ones throughout your stay at IJN. It contains useful information about patient rights and responsibilities, safety, processes that you can expect and hospital services that we offer.

At IJN, we strongly encourage our patients to be actively involved in their health care plan to ensure the safest and highest quality of care is being provided for an exceptional experience. Please take the time to familiarise yourself with this information, and do not hesitate to speak to any of our staff should you have questions.

On behalf of our physicians, nurses and the entire hospital staff, I would like to wish you a quick recovery and may you have a pleasant stay with us.

Sincerely,

Datuk Dr. Aizai Azan Abdul Rahim
Chief Executive Officer
Institut Jantung Negara

VISION, MISSION & CORE VALUES

01

Our patients look to us for hope: hope that we will help them recover quickly, hope for a better quality of life and hope for a cure.

It is our duty to keep these hopes alive.

OUR VISION

To be a **Global Centre of Excellence in Integrated Cardiovascular and Thoracic Care.**

OUR MISSION

We are committed to provide the best patient services with the safest and highest quality care.

We are a corporate entity that is committed to provide and deliver exceptional patients' experience.

We aim to drive transformation, technology and innovation through training, research and development.

We are committed to develop and empower talents to enhance organizational growth.

Our objective is to be financially self-sustaining.

02

CORE VALUES

PROFESSIONALISM

We are professionals who conduct ourselves with honesty, integrity and are accountable for our actions.

TEAMWORK

We are united in purpose, work as a team with respect and trust.

QUALITY

We passionately pursue quality in everything we do.

COMMITMENT

We are committed to the success of IJN and its contribution to the medical profession and the community.

CARING

We care for our customers by anticipating and exceeding their needs.

INNOVATION

We continuously adapt and strive to develop and pursue knowledge and innovative solutions.

We encourage you to communicate openly with your health care team, participate in your treatment choices, and promote your safety by being well informed and actively involved in your care. Think of yourself as a partner in your care, as well as your responsibilities during your stay at our hospital.

As a Patient of IJN, You Have the Right to:

1. Timely and Adequate Information

- You shall be given adequate medical information such as medical condition, diagnosis, treatment and prognosis.
- You shall be informed of the professional identity of your healthcare providers.
- You shall be entitled to a Medical Report, upon request and payment of a reasonable fee.
- You shall be entitled to an itemised bill and explanation of hospital charges upon request.
- You shall, upon request, be given advice in relation to promotive, preventive, curative medicine and rehabilitation to maintain good health and healthy lifestyle.

2. Medical Treatment

- You shall be given medical treatment, including treatment in emergency situations, in accordance with currently accepted standards of hospital care in Malaysia.

3. Choices

- You are entitled to refuse a recommended treatment and be discharged at your own risk.
- You are entitled to request for a second opinion from another external physician.
- You are entitled to request for a referral to another healthcare provider.
- You are entitled to decline participation in medical research programmes.
- You are entitled to participate in your care to the extent that you wish.

4. Privacy and Dignity

- Your personal and medical information shall be confidential.
- Your privacy, dignity, religious and cultural beliefs shall be respected.

5. Hospital Environment

- You shall be treated in a safe, clean and comfortable environment.

6. Facility for Raising Concerns

- You are entitled to raise any concern and to request for assistance from the hospital staff.
- You are entitled to have access to an appropriate grievance mechanism.

As a Patient of IJN, You Have the Responsibility to:

1. Provide Information

- You are expected to fully and truthfully provide details of your medical, medication and treatment history.
- You are expected to fully and truthfully provide your personal details including insurance and financial information.

2. Adhere to Treatment Plans

- You shall adhere to medical advice and instructions should you choose to accept them.
- You shall attend all appointments punctually and notify IJN if you are unable to keep the appointment.

3. Adhere to Rules and Regulations

- You shall adhere to all rules and regulations of IJN at all times.
- You shall observe the no smoking policy.

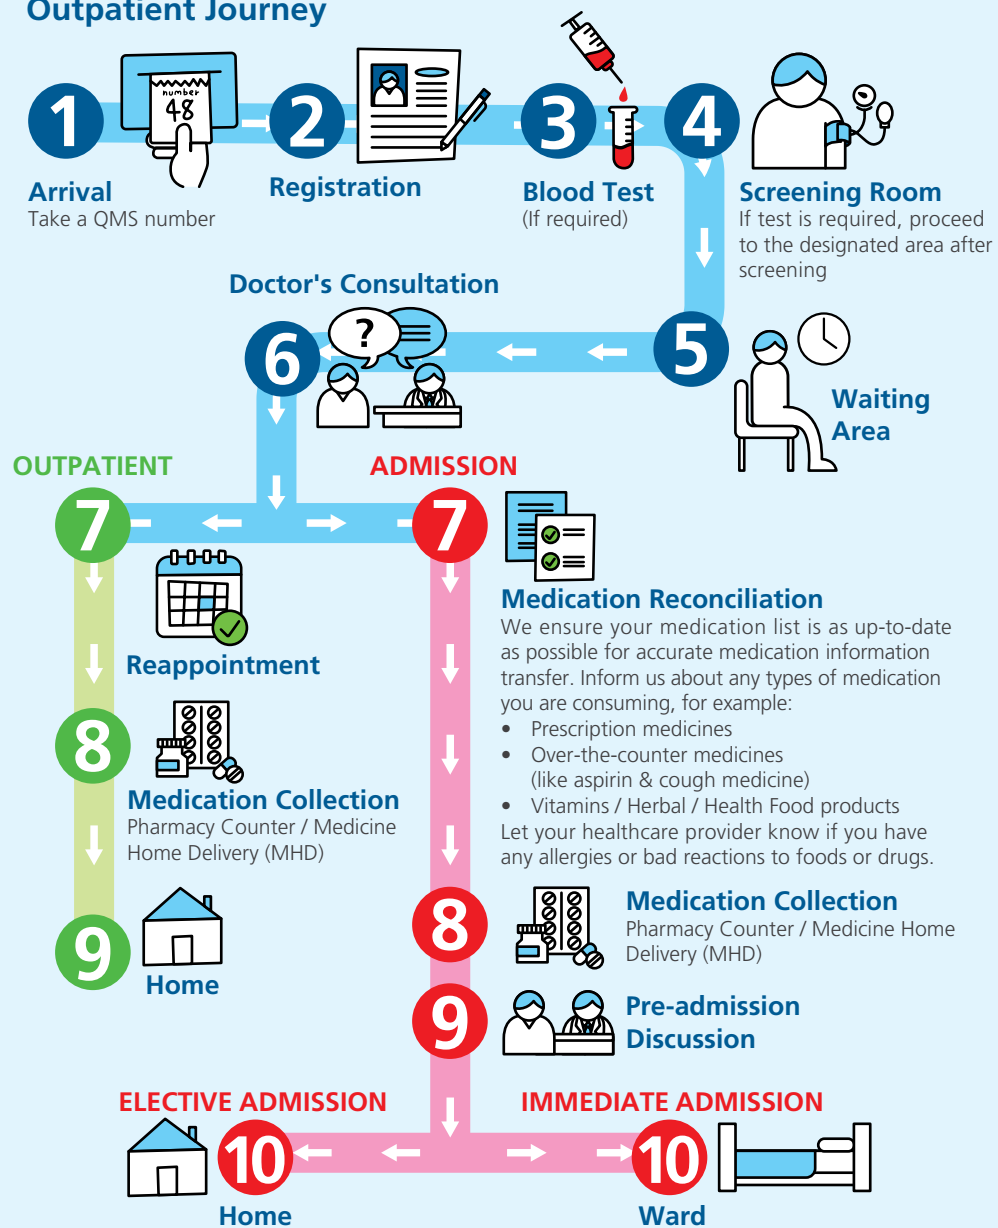

4. Timely Payment of Hospital Charges

- You shall pay your hospital bills within the stipulated time frame.

5. Respect One Another

- You and your visitors shall respect and be considerate to others.

Outpatient Journey

Personal Items & Valuables

We encourage you to bring only essential items to the hospital, such as:

 <p>Front button shirt / Pyjamas / Sarongs / Warm clothes / Socks</p>	 <p>Non-slip slippers / Sandals</p>
 <p>Hair-brush / Comb</p>	 <p>Toothbrush & Toothpaste</p>
 <p>Small pillow, 1 Bath towel & 2 Face towels (for patient undergoing surgery)</p>	 <p>Toiletries</p>
 <p>Phone charger</p>	 <p>Anything to occupy your time while in the ward, such as books, magazines, etc.</p>

i The items should be sufficient to use during hospitalization.

DO NOT bring the following items:

Firearms

Cigarettes

Pets

Radio, hairdryer / other electric devices

Durian

Mangosteen

Jewelry

A large sum of money

i The hospital is **NOT** responsible for lost or stolen items.

i These tips will help to keep your personal items secure:

DO'S ✓

Keep eye glasses and hearing aid in a case when you are not wearing them.

Keep dentures in a denture cup on the top drawer of your bedside table.

i These items should be placed on the top drawer of your bedside table, with your name on it.

Keep clothing in your room closet, bedside table or suitcase.

✗ DON'TS

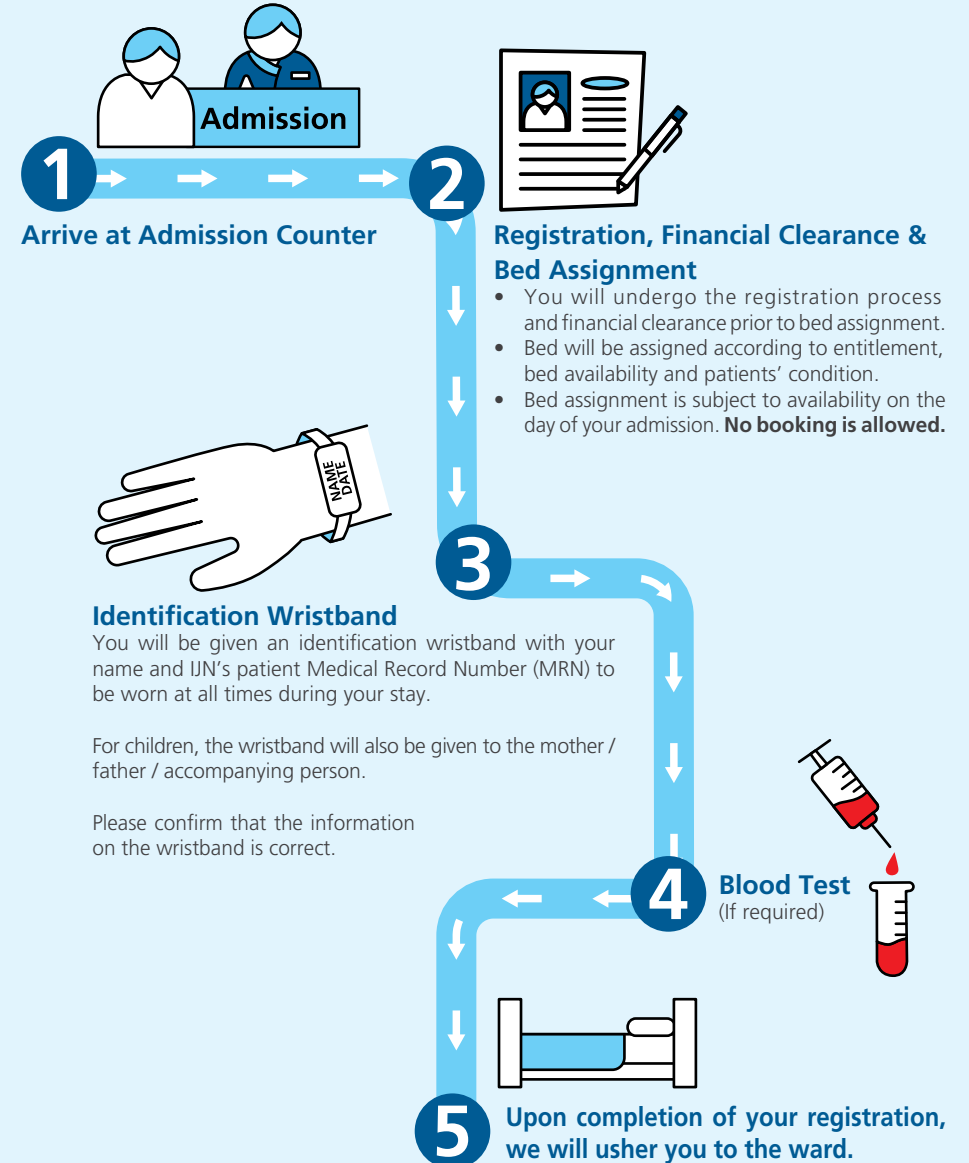

Place it on your food tray or on the bed linen.

Wrap it with tissue.

Patient Arrival

Bed Type & Room Details

- Free WiFi service

The images may differ from the actual room.

Know Your Wristband

Patient	
Caregiver	
Allergic	
Fall	

Do not take the wristband off until you have been discharged from the hospital. If the wristband comes off for any reason, notify your nurse to replace it.

Ward Facilities

	<p>Nurse Call Bell Located next to your bed and is connected to the Nurse Counter. Please use the call bell for any assistance if needed. The nurse will show you how to use it during ward orientation.</p>
	<p>Telephone Get assistance from the nurses if you need to use the phone.</p>
	<p>Television All suites, single rooms and double-bedded rooms are equipped with a television. There is also a television set in the Day Space Area.</p>
	<p>Bathrooms All bathrooms have water heater. Kindly sit on the stool provided in the bathroom if you are unable to stand on your own. For your safety, all bathrooms are equipped with emergency call button.</p>
	<p>Electrical Appliances Personal electrical appliances such as iron, television, radio, cooker, etc, are NOT allowed in the room/ward.</p>

If You are Scheduled for a Procedure / Surgery

	Your doctor will explain the risks and benefits of the procedure or surgery to you. You will be asked to sign a consent form. If you are unfit / unable to sign, your immediate family member will be required to sign on your behalf.
	If you are admitted for valve surgery, it is mandatory for you to see a dentist for a dental clearance prior to admission.
	Please stop antiplatelet / anticoagulants (blood thinning medication) as per doctor's advice before surgery to avoid risk of bleeding during surgery.
	Remove nail polish on both hands and feet (if any).

Participate in Your Care

	Discuss your treatment plan with your doctor and nurse. Make sure that you understand and agree with the plan.
	If you are in pain, inform your nurse or doctor for pain management.
	Your family members will be updated on your progress of the surgery / procedure via a display screen at 1st floor waiting area.
	Request for an interpreter if needed.

Inpatient Meals

Good nutrition is an essential component, especially during the recovery process. The hospital menu has been designed to provide a nutritionally balanced and adequate diet for all patients.

All food served to patients in IJN is HALAL Certified and adhere to the safety requirements.

i We also offer À La Carte meals (last order for lunch at 11:00am and dinner at 4:00pm). These meals are chargeable and not covered by the patient's payor, government and insurance.

i Please refer to the **Dietetic Technician** who distributes your daily menu, nurse on duty or call **ext. 8248 or 3148** to place an order.

1. Meal Serving & Collection Time

MEAL	SERVING TIME	TRAY COLLECTION TIME
Breakfast	7:30am - 8:30am	8:45am - 9:00am
Lunch	12:30pm - 1:30pm	1:45pm - 2:00pm
Tea Time	3:00pm - 4:00pm	NIL
Dinner	6:00pm - 7:00pm	7:15pm - 7:30pm
Supper	9:00pm - 10:00pm	NIL

Patients will be served with a standard menu on the day of admission as well as on the next day. All food trays are not permitted to be kept beyond the stated time as above, hence will be collected by the respective ward hospital aide to be discarded. This is to comply with food safety standards.

i If you missed your meal due to any procedure, light snacks will be provided.

2. Outside food

Any additional food and drinks brought in for patients must be suitable with the patient's medical condition and safe for consumption.

This is important to help us prevent or reduce the risk of infection, food poisoning and unwanted interaction with prescribed medication. **Any food** brought into the hospital should **NOT be offered to other patients**. IJN will not be responsible for any harmful effects caused by food brought into the hospital by patients, visitors or relatives. Consumption of outside food is at the patient's own risk.

3. Food Storage Safety Guideline

Each ward is equipped with a refrigerator in the patient's pantry to store the patient's food and nourishments. This is to ensure food and nutrition products are stored under proper sanitation and temperature to maintain food safety and stability.

Below are simple guidelines to be adhered:

- 

Food must be stored in a covered container, labelled with patient's name, date and time and to be given to the ward staff.
- 

Cooked food, and any opened ready-to-drink supplement must be labelled and sealed in zipper bag and shall not be kept in the refrigerator for more than 24 hours.
- 

Unopened commercially prepared food can be kept till the expiry date.
- 

Commercially prepared food (e.g. juices and yoghurt) shall be discarded within 24 hours once opened.

4. Health and Safety Tips if Bringing Additional Food for Patient:

	<p>Watch Out For The Fat Too much fat in the diet, especially saturated fats, can raise your cholesterol, which increases the risk of heart disease.</p>
	<p>Life's Sweeter With Less Sugar Consuming too much sugar leads to weight gain and elevates blood glucose levels for individuals with diabetes or pre-diabetes.</p>
	<p>Halt The Salt A high salt intake raises blood pressure and increases the risk of heart disease as well as stroke.</p>
	<p>Food Hygiene & Safety Be cautious when buying food in view of food hygiene and safety.</p>
	<p>Balance The Fluid Avoid excess fluid in the form of beverages, soup and fruits if fluid restriction is indicated.</p>
	<p>Food Allergy Alert Be aware of food with allergen content if patient has food allergies.</p>

Your Healthcare Team

Our healthcare team comes from different categories: know about them.

	<p>Consultants/Doctors The doctor will review you in the ward.</p>
	<p>Nursing Staff The Nurse Manager/Deputy Nurse Manager is the person in charge of the ward and is assisted by a team of qualified nurses. Nurses will provide nursing care and treatment according to the treatment order and care plan.</p>
	<p>Physiotherapist Our team of physiotherapists will assist you in achieving maximum physical function through cardiac and pulmonary rehabilitation. They will provide a guideline on home exercises and tips on how to perform activities of daily living safely.</p>
	<p>Dietitian Our team of Dietitians provides nutrition education and counselling for various nutrition-related medical conditions for patients and caregivers to achieve clinical and nutrition goals.</p>
	<p>Pharmacist Pharmacists support patient care by ensuring appropriate and safe medication use to achieve the best treatment outcomes.</p>

Counsellor

The Patient Counseling Unit provides spiritual, psychological, emotional support and other services for patients and their family members. Your religious needs will be accommodated as fully as possible and your observance of the rituals of your faith will be respected.

Customer Service Representative

Our Customer Service staff will be more than happy to assist you with any inquiries, questions, concerns or needs you may have during your stay or visit.

To speak to a customer service representative, please call **+603-2600 6300 / 6301** on
Mon-Sat: 7:30am - 8:00pm
Sun: 9:00am - 8:00pm.

International Patient Centre (IPC)

The IPC coordinates all foreign patients' medical care and needs. Services provided:

- (i) Interpretation Service
- (ii) Hotel Reservations
- (iii) Ground Transportation
- (iv) Visa Extension Application

To reach International Patient Centre,
Call: +603-2600 6336 / 6337
Fax: +603-2691 7278
E-mail: international@ijn.com.my

Our IPC staff is stationed at 6th floor, IJN Private Clinic.

Your Medication

Pharmacists provide an important connection between you and your doctor by helping you to understand the role of medications in the overall treatment plan.

As pharmacists, we trust that when patients understand how and why medications are important, patients will take their medications accordingly and cooperate with doctors to manage their medical conditions.

We provide the following services:

- A** Medication appropriateness review for your medications prescribed by the doctors during your stay.
- B** In critical care wards, pharmacists work with doctors to optimise your medication therapy.
- C** Supply of medications based on the medication orders prescribed by your doctors for consumption during your stay.
- D** Managing Patients-Own-Medication (POM):
 - You are encouraged to bring along your own medications during admission and surrender them to the nurse/pharmacist for safekeeping.
 - Please refrain from taking your own medications without informing the doctors.
- E** Reporting of any adverse effects from your medications and supplying you with an allergy alert card if needed.
- F** Handle your medication enquiries.
- G** Dispensing your medications upon discharge.
- H** Provide essential information and tools to help you better understand your medical conditions and medications.

Caregiver Guidelines

Open to all patients except in COVID-19/PUS ward based on criteria

PATIENT CRITERIA

Mentally challenged / confused / disorientated patients

Bedridden / ill / do not resuscitate (DNR) patients

Patients with dementia based on Initial Nursing Assessment (INA)

Patients with high risk for fall based on Initial Nursing Assessment (INA) score, Nurse Manager, Deputy Nurse Manager (DNM), Person in Charge (PIC), Mentor to assess.

Patients with physical disabilities such as blindness, hearing deficit, prosthetic limbs

Patients on CAPD (Continuous Ambulatory Peritoneal Dialysis)

Patients with suicidal ideation based on Initial Nursing Assessment (INA)

CAREGIVER CRITERIA

Above 18 years old

Asymptomatic

Fit & Healthy

CAREGIVER SOP

- Registration Time: Monday - Friday **8:00am - 5:00pm** Saturday / Sunday / Public Holiday **9:00am - 1:00pm**
- Wear face mask at all times
- Only 1 caregiver is allowed to accompany inpatient.

To do self **RTK Ag test within 24 hours prior (Result must be NEGATIVE)**. *Date and time of the test should be indicated along with the picture as proof

i Caregiver guidelines will be revised according to current SOP.

Visitor Guidelines

Visitors are an important part of the healing process. However, kindly ask your visitors to observe and adhere to the following:

ADULT WARDS

- Visiting Hours: **5:00pm - 7:00pm**

ADULT CRITICAL CARE UNITS

- Visiting Hours: **5:00pm - 7:00pm**

- Maximum of **2** visitors per visiting hours

PAEDIATRIC WARDS

- Visiting Hours: **5:00pm - 7:00pm**
- **2** visitors at a time
- Maximum of **4** visitors per visiting hours

PAEDIATRIC CRITICAL CARE UNITS

- Visiting Hours: **12:00pm - 1:00pm**
- **1** visitor at a time
- Only **parents / spouse**

VISITOR CRITERIA

Above 18 years old

Asymptomatic

VISITOR SOP

Wear a face mask

Wash your hands regularly

i Visitor guidelines will be revised according to current SOP.

Our healthcare partnership begins with our commitment to your safety. Patients who are more involved with their care in the hospital tend to feel better and stay safer. Working together with your healthcare team can lower your risk of injury and make your hospital stay as safe as possible.

Medication Safety

1. While you are in the hospital, it is important for you and your doctor to talk about your medication. Before your admission, inform your doctor, nurse or pharmacist about any medication you are consuming and bring along your medication list. For example:

- ✓ Prescription medicines including eye/ear drops, inhalers, etc.
- ✓ Over-the-counter medicines (like aspirin and cough medicine)
- ✓ Vitamins
- ✓ Herbal products
- ✓ Health food products

2. Let your doctor and nurse know if you have any allergies to food or drugs or have ever had a bad reaction to any medicines, food or latex products.

3. Ask your nurse about your medicines - what they are, what they look like, what they do, at what time they are given and what side effects may occur. Make sure your I.D. bracelet is visible. Look at all your medicines before you take them. If you do not recognise the medicines, please ask your healthcare provider.

i Know what medicines you take and why you take them. While you're in the hospital, your medicines might change. Learning about the new ones your doctor has prescribed for you is very important for your recovery.

Help Prevent the Spread of Germs

Hand hygiene is the best way to prevent the spread of germs. You can clean your hands by performing hand wash or hand rub using sanitiser.

Clean your hands often and remind your visitor/caregiver to do the same. Our staff welcome your reminder to clean their hands before examining you.

Each area is equipped with hand hygiene facilities and products for use by staff, patients, caregivers and visitors.

1. Six steps of effective hand hygiene technique

<p>1</p>  <p>Rub hands palm to palm.</p>	<p>2</p>  <p>Right palm over left dorsum with interlaced fingers and vice versa.</p>
<p>3</p>  <p>Palm to palm with fingers interlaced.</p>	<p>4</p>  <p>Back of fingers to opposing palm with finger interlocked.</p>
<p>5</p>  <p>Rotational rubbing of left thumb clasped in right palm and vice versa.</p>	<p>6</p>  <p>Rotational rubbing, backwards and forwards with clasped fingers of the right hand in the left palm and vice versa.</p>

Smoking Is Prohibited in the Hospital

SMOKING & E-CIGARETTE ARE PROHIBITED IN IJN

We are committed to providing a healthy and safe environment for our patient, visitor and staff. No smoking is allowed on the premise without exception including e-cigarette.

Do you want to quit but always find it a struggle or craving is too strong?

Get help from IJN Quit Smoking Clinic (QSC)

Quit Smoking Clinic operation hours

OPERATION DAY	OPERATION HOURS
Monday - Friday	8:00am - 4:00pm
Weekends & Public Holidays	Closed

To make an appointment, please call **+603-2617 8386**.

There are about 7,000 chemicals in a cigarette. 200 of them are poisonous to your body. The nicotine in the cigarette makes you dependent on the cigarette and keeps you smoking even if you want to stop.

Fall Prevention

In the hospital, patients can be at a higher risk of falls. Illness, surgery and medications can make you weaker than usual or can affect your balance or judgement. In addition, medical equipment and the unfamiliar environment can make it hard to move about easily.

1. Why are falls dangerous?

Falls can cause serious injuries such as cuts, fractures of the hip and other bones, or head injury.

2. What increases my risk for falls?

- Use of medicines such as sedatives or antidepressant
- Frail elderly
- Poor vision problems
- Have lower body weakness
- Difficulties with walking and balance
- Recent falls

3. Consequences of Fall

These may happen:

- A** Long stay in hospital
- B** Increase in hospital bill

4. Fall Prevention Measures

Do **NOT GET UP** immediately

MINIMISE / RESTRICT movement

SHOUT for help / attention

WAIT for assistance

FALLS ARE PREVENTABLE

Allow us to keep you **SAFE** while we care for your **HEART**

1) Parking for Patients and Visitors

- Ample parking space is available for patients and visitors of IJN.
- IJN's multi-storey parking lot is located at Block C.
 - Open space parking located next to the Emergency Department is open 24 hours a day, seven days a week.
 - Valet parking service is also available at the Main Lobby.

Kindly ensure that you lock your vehicle and take all safety measures. Ensure you have sufficient balance on your Touch 'n Go card, before returning to your vehicle.

2) Wheelchair

Wheelchairs are available at the information counter, upon request. Wheelchair-bound patients are advised to use the special entrance at the drop off area located at Block A.

For patients using their wheelchair and wish to park at the multi-storey car park located at Block C, please park your vehicle at Level G to access our Main Lobby.

3) Lockers

Lockers for day use are available for rent. Please enquire from our customer service staff.

4) Buggy Service

The special service is for patients who have difficulty walking the distance. We will be more than happy to chauffeur you to your location.

5) Laundry

Self-service laundry is available at Level LG of Block B. The washer and dryer accept tokens only. Tokens can be exchanged using the available token exchange machine.

6) Surau/Prayer Rooms

Prayer Rooms for Muslim patients and visitors complete with ablution facilities are available on various floors at Block A and Block B. The Surau Jumaat is located at the Roof Top of Block C.

7) Food Outlets

Food outlets in IJN premises opening times:
Food Court : 7:00am - 7:00pm daily
Food Outlet: 8:00am - 7:00pm daily

8) Vending Machine

Vending machine service for drinks and snacks is available at various locations in IJN.

9) Automated Teller Machine (ATM)

Ground Floor, Block A – &
 Ground Floor, Block B – **CIMBANK**

10) Convenience Shop

The convenience shop is located at Lower Ground and Ground Floor, Block A. All major dailies, magazines and other necessities that you might need during your stay are sold here.

11) Luggage Room

A common luggage room is available in the ward. Do not keep food, beverage and valuables in the room. Any loss or damage of belongings will be at your own risk.

12) Quiet Room

For non-Muslims, Quiet Room is located on the First Floor, Block B, beside the HDU Cardiology ward.

13) Pharmacy

(a) Retail Pharmacy

Provides a wide range of services and products, including:

- Dispensing of prescription medicines
- Advice and counselling on the treatment of minor ailments as well as the supply of pharmacy-only and over-the-counter medicines
- Diagnostic devices and consumables
- Nutritional supplements and products
- Toiletries and skincare products
- Dressings and wound care products

(b) Outpatient Pharmacy

Located at both Block A and Block B of the IJN Building:

- Open daily from **Monday to Friday, 7:30am – 6:00pm**
- Dispensing and counselling of medications for outpatients

We offer the below services for your medicine refill:

Medicine Home Delivery (MHD)

The MHD Service delivers your medicines to your doorstep without you worrying about transportation or overcrowding in the hospital (terms and conditions apply).

Drive-Thru Medicine Collection

This Drive-Thru service caters for medicines that may be unsuitable for postage (e.g. cold-chain medicines and inhalers) so you can collect them from IJN without leaving your cars nor crowding at the Hospital Pharmacy.

MEDiLoC (Medicine Locker Collection)

A locker service that allows you to collect your medicine throughout the day.

Pharmacy Counter

Please check our current medication refill collection times prior to your arrival in IJN.

(c) Medication / Devices Counseling

We empower patients to take charge of their own health through detailed counselling and equipping them with knowledge of selected medicines and medication devices.

(d) Heart Failure and Anticoagulation Clinic

These multi-disciplinary clinics run by pharmacists, physicians and nurses aim to deliver coordinated and comprehensive care to patients with heart failure or warfarin therapy to enhance efficacy and minimise patient harm. Clinic services include patient assessment, monitoring of laboratory parameters, medication dosage adjustment, patient education and feedback to referring physicians.

14) WiFi Service

All public areas and wards within the hospital are provided with FREE WiFi access. Visitors with mobile devices can browse the internet via heartspot@guest.ijn

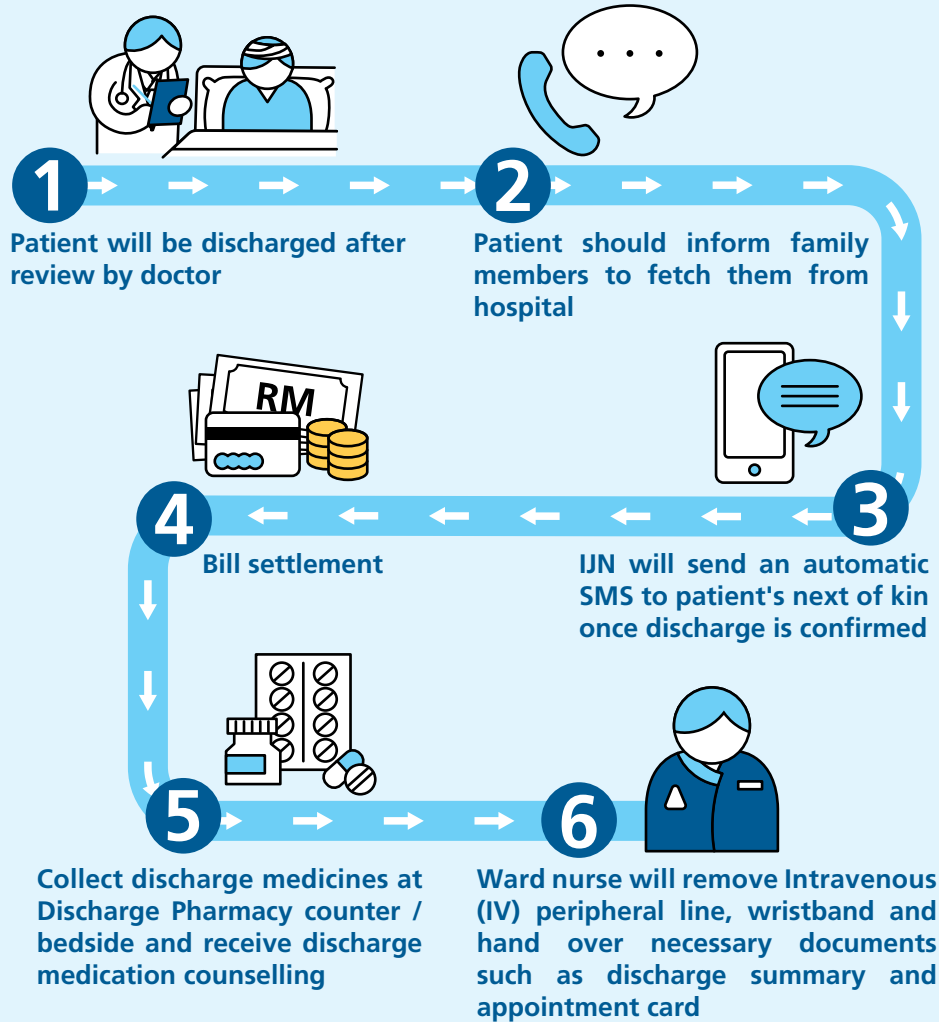

15) Dormitory

The Dormitory service is located at Level 2 of Block C. Affordable and comfortable accommodation is available for accompanying family members and caregivers of patients at the Critical Care wards of IJN, with priority given to family members of patients in CCU / ICU / PICU / PCICU / HDU and the Emergency Department. Terms and conditions apply.

Application forms for those eligible to apply are available at the respective Critical Care wards. Completed forms must be submitted at the dormitory reception, and accommodation is subjected to availability.

Discharge Journey

i You will be notified at least a day before your planned discharge, after 3 days of interventional procedure or 5-7 days after surgery subject to your condition.

Before You Leave

- Check your bedside locker and wardrobe to ensure you do not leave anything behind (clothes, toiletries, eye glasses & etc).
- Understand instructions about your continued care.
- If you require a sick leave certificate / medical report, you may request one from the ward staff.
- Make sure you receive discharge summary from ward nurse.
- Check any follow-up visits that you may need.
- Remember to collect your prescribed medicines upon discharge.

If you require any assistance with transportation arrangements, don't hesitate to contact our **Customer Service Counter** or inform your nurse.

Inpatient Experience Survey

We would like to know about your experience as an inpatient in IJN. Please share your thoughts via our online survey, which helps us improve the quality of our services.

Dear Guests,
As much as we would like to serve your health, we are also excited to know how you feel about our service and hospitality. Feel free to speak from your heart and help us improve ourselves.

Drop your feedback by scanning here or visit us at
