

INSTITUT JANTUNG NEGARA
National Heart Institute

We are looking for a suitable and qualified candidate for the following position:

WEB DESIGNER & DEVELOPER
CORPORATE COMMUNICATIONS DEPARTMENT

Responsibilities

- Act as webmaster for the group websites.
- Design and develop visually appealing and user-friendly front-end interfaces using HTML, CSS, and JavaScript frameworks.
- Create and maintain the back-end functionality of websites using server-side scripting languages (e.g., PHP, Python, Ruby).
- Design, implement, and manage databases that store website content, user information, and other relevant data.
- Ensure responsive and mobile-friendly websites provide a seamless user experience across different devices.
- Regularly update and maintain website content, including text, images, videos, and other multimedia elements.
- Utilise content management systems (e.g., WordPress) to effectively manage, publish, and organise website content.
- Optimize website speed, performance, and loading times to enhance user experience and SEO rankings.
- Implement security protocols, SSL certificates, and regular updates to protect websites from threats and vulnerabilities.
- Create and maintain regular backups of website data to ensure data integrity and facilitate recovery in case of data loss.
- Develop and manage e-commerce platforms & payment gateway, ensuring smooth online payment/appointment.
- Implement web analytics tools (e.g., Google Analytics) to track website traffic, user behaviour, and engagement metrics.
- Work closely with other stakeholders to align website development with overall business goals.

Requirements

- Bachelor's degree in Information Technology, Computer Science, Web Development or any related field.
- Relevant work experience in web development, front-end and back-end programming.
- Good communication and coordination skills enable you to effectively collaborate with internal teams and external stakeholders.

- Creative thinking and the ability to generate innovative ideas for content improvement and user engagement.
- Portfolio showcasing previous website projects and development skills.

Closing Date

3rd October 2023
